Volunteer Positions Available:

Water Tender Driver

This person is responsible for:

- Driving the tender to the fire scene in the event of a fire
- Remaining familiar with all the components of the water tender including the pumps, hydrant operations and drafting
- Setting up and filling the porta-tank as directed by the incident commander
- Refilling the tender and shuttling water as needed for the incident

Requirements:

- Will be available (and in safe physical condition to drive) in the event of an emergency
- Will possess a valid California Driver's license class B or higher (commercial or firefighter) and a tanker endorsement
- Will pass a criminal records check
- Will be annually trained in fire shelter deployment
- Will pass the first responder course and have a current BLS or Professional Rescuer CPR card
- Will attend annual training sessions for first responder, CPR, Shelter use, basic wild land fire behavior and tender operations
- Will remain current by driving the tender and operating the pumps semi-weekly during the summer
- Remains in compliance with all HLVFD standard operating guidelines (attached)
